

DMBA participants have access to special pricing on hearing aids and a personalized purchasing process through TruHearing.

TruHearing is not insurance—it's an independent company that provides savings on hearing aids. TruHearing provides exclusive discounts on a wide variety of the latest brand-name hearing aids.

This voluntary program is available to you and your family but you pay the entire cost.

TRUHEARING SAVINGS

TruHearing customers average \$980* in savings per hearing aid compared to national prices. Here are a few examples:

HOW DOES THE TRUHEARING PROGRAM WORK?

1. First, call TruHearing at 844-207-1682. A TruHearing consultant will answer your questions and schedule an appointment for you with a TruHearing contracted provider in your area. Because this is a special offer for DMBA participants, all appointments must be made through TruHearing.

Please be aware: Not all TruHearing providers are part of DMBA's preferred provider network. To maximize the hearing exam benefit available from your medical plan, coordinate with TruHearing to make sure your provider is contracted with DMBA.

2. The provider will perform a comprehensive hearing exam. You'll pay the copayment associated with your DMBA medical plan and the provider will bill DMBA for the balance of the exam cost.

3. After the exam, the provider will recommend appropriate hearing aids from the list of TruHearing products and order them for you. You will pay TruHearing for the hearing aids. Financing is available through TruHearing.

4. Your hearing aids will be shipped to the provider's office. You'll have a follow-up appointment so the provider can fit and program your hearing aids and train you on their use and care.

EVERY HEARING AID PURCHASE INCLUDES:

- Three provider visits for fitting and adjustments
- 45-day trial
- Three-year manufacturer's warranty for repair and one-time loss and damage replacement
- 48 free batteries per hearing aid

THIS IS NOT INSURANCE. TruHearing provides discounts for hearing aid sales and professional services at selected hearing care providers. Professional services for fitting, programming, and three adjustment visits are included in the price of the hearing aids. The customer is responsible to pay for testing and all other post-fitting hearing care services. Participants accessing the program pay for all services at discounted prices.
